

Agenda 10/13

- ~~Individual share on research conducted so far~~
- ~~Write interview questions for Carolee~~
- ~~Create Point of View, or narrow focus of need~~
- ~~Finish contract, or review to solidify core team roles~~

Notes from Meeting

- Take video of Carolee during meeting for standing to sitting
- Not necessary to think about cost effectiveness in design (but preferred)
- Focus: stand to sit?
- Focus on slowing down the process of sitting down
- A lot of the weight falls on the arms, solution: alleviate weight on user's arms
- Chairless chair as inspiration? Adjustable straps for universal design
- Need: compact, and removal of the chairless chair
- Which *specific* muscles need support
- IBM: muscles affected asymmetrically

POV

- Independent transfer (without reliance on others)
- Compact
- Adaptability (universal design)
- Affordability

Problem Statement

- Carolee needs to safely transfer from sitting to standing and standing to sitting in a way that makes her feel independent and empowered

Team Roles

- Riti: Upload to GitHub - Software Engineer Director
- Jasmine: Secretary
- Sharon: Communications Officer
- John: Weekly Agenda + Timekeeper
- YoonBo: Party planner (aka book Allen Media Space)

AOI's: Switch off every week

Riti

Sharon

Jasmine

John

Yoonbo

Action Items

- Orientation at MakerSpace (All)
- Schedule meeting with Carolee (Sharon)
- Come up with team bonding event and date and book it (YoonBo)
